

DECISION 5 –

Safeguarding

- How are you going to transfer the funding to the Champions? Will they have access to a bank account? Or do they need parental support?
- Or will they receive the seed grant money in cash?
- What could happen to the Champions if they travel home with the money?
- Or what happens if other people know that they received this amount of money to set up their own projects?
- What could happen if the money, meant for the seed grant, is needed by Champions families?
